

Public Sector

Elire's experienced Public Sector Consultants have a unique understanding of our clients' challenges

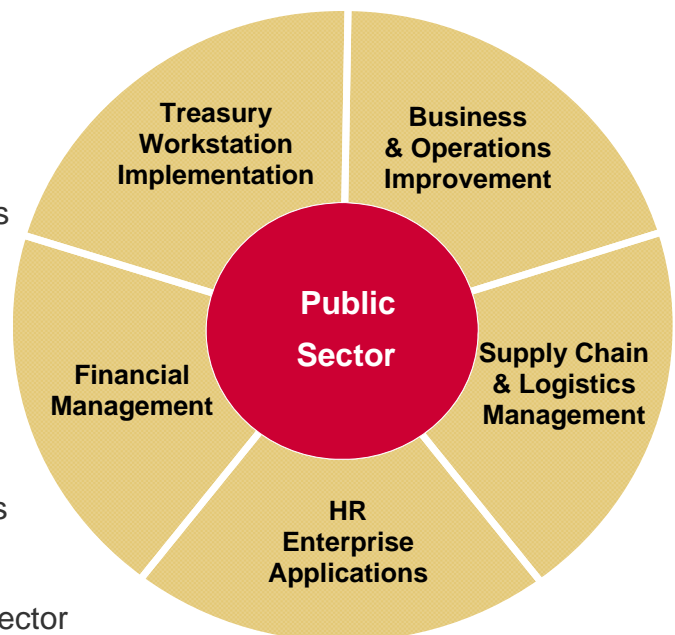

Public Sector

Our **Public Sector** Practice consists of experienced consultants with a proven track record of providing efficient solutions for government and education clients. We recognize that the Public Sector is facing challenges to serve their clients due to reductions in budget, personnel, and demands for efficient spending. Our consultants offer a unique understanding of these challenges based on numerous, successful implementations and upgrades for our education and government clients.

Elire forms partnerships with our Public Sector clients, working together to address unique issues by providing or creating solutions that improves efficiency, improves services to internal agencies, departments, or external clients, and improves cost efficiencies.

We leverage our [Success Delivered™ Methodology](#) to insure that our service solutions are managed for maximum ROI for each project. Our methodology, along with our knowledge and experience will help you fast-track your implementation or upgrade, avoid common mistakes, minimize the need for costly customizations, and maximize the return on your strategic IT investment. With our experience, Elire can assist State and Local governments, Federal Agencies, as well as Higher Education Institutions achieve success.

Using Elire's experience, we can provide unique Public Sector solutions, taking advantage of industry Best Practices and lessons-learned from previous implementations and upgrades. Some examples of the solutions offered include, but are not limited to: Bank Communications; In-House Banking; Investment Pools; Funds Management; Grants

Management; improved inter-agency\department business processes and reporting; improved Financial Management and accountability; and improved personnel management.

Elire is a GSA Schedule contract member that enables efficient access for government agencies to utilize our services, knowledge and experience.

Contact your Elire representative for additional information in how we can help meet your Public Sector mission.
