

Continuous Delivery Services

I want out of the Legacy PeopleSoft Model!

Tired of large, full application upgrades every 3-5 years?
Exhausted from spending extensive time, resources, and funds on expensive upgrades?
Frustrated with not being able to fully leverage new functionality?
Have concerns about being out of support?

Fear not - PeopleSoft 9.2 Continuous Delivery Model has arrived.

PeopleSoft 9.2 Continuous Delivery Model

- ✓ No more exhaustive and costly upgrades
- ✓ Update on your own custom schedule with PUM releases
- ✓ Incrementally adopt new business value features with Selective Adoption
- ✓ Better return on investment and accelerated value

Elire CDM Service Offerings

- ✓ Readiness Assessment to determine your Current State capabilities to succeed under Continuous Delivery
- ✓ Foundation Building to acquire the capabilities to succeed under Continuous Delivery and drive down long term costs
- ✓ Continuous Delivery Project to guide your organization to repeated success under this new model
