

PeopleSoft Services

About Elire:

At Elire, we help our clients succeed by partnering with them to efficiently implement, integrate, and upgrade their software investments. Elire's deep commitment to excellence and quality solidify our place as a Trusted Advisor to our clients and thought leaders in the industry. Software isn't our only goal - we also provide strategic guidance to assist with best practice business process improvement, application road mapping, change management, and more to ensure your business and your team members are empowered to get the most value out of your application footprint.

16+ Years of Experience | 15+ Upgrades | 200+ Clients | 40+ Fortune 500 Clients

Elire can empower your organization with the following PeopleSoft Service Offerings:

Learn More:

- ✓ **PeopleSoft 9.2 Readiness Assessment** – including Fit-Gap analysis to streamline your 9.2 Upgrade, and allow you to set your budget, timeline, and resource mix with confidence. The extensive analysis and effort during this 4-12 week engagement allows for a more, efficient project timeline
- ✓ **PeopleSoft 9.2 Upgrades** - utilizing Elire's Success Delivered methodology, including Accelerators for Customization Identification, Scope-Object Tracker, and more!
- ✓ **PeopleSoft Module Implementations** - to expand your PeopleSoft footprint and address changing business needs within your enterprise solution
- ✓ **PeopleSoft to OCI Migration Services** - leveraging Oracle Cloud technology, scalability, and flexibility, while maintaining your custom PeopleSoft Environment
- ✓ **Kibana Services** - Kibana enablement for PeopleSoft services including custom dashboards and implementation support
- ✓ **PeopleSoft Continuous Delivery Services** - including CDM readiness assessments, foundation building for the Continuous Delivery process, and CDM implementation including PUM image application, maintenance, and training
- ✓ **PeopleSoft Test Framework Services** - to make the most out of this delivered PeopleSoft utility. Services include PTF jump start, custom script building, vanilla script libraries for implementation, training, and PTF managed services for upkeep and maintenance
- ✓ **PeopleSoft Lease Administration Services** - to stay ahead of FASB/GASB reporting standards and remain compliant for lease accounting needs
- ✓ **PeopleSoft Managed Services** - available for application development, incident management, release management, cloud infrastructure, and special projects to support your application day to day
