MODERNIZE YOUR HR OPERATIONS WITH CLOUD HCM

Oracle HCM Cloud is a complete end-to-end HCM solution from hire-to-retain. This truly flexible solution offers a flexible upgrade window, as well as screen personalization tailored to customers and a flexible implementation path. As a global solution, Cloud HCM has deep localization functionality for numerous countries, while being cost effective. It offers lower operating costs than On-Premise Solutions allowing customers to purchase SaaS and shift capital expenses to a flexible subscription.

Elire Differentiators

Global Presence - Offshore and international team to bring down cost and increase speed

PeopleSoft Legacy Data Conversion Extractor and Pre-defined data templates - for implementation acceleration

Iterative Build Methodology - ensuring continuous quality improvement

Rapid Implementation Methodology - recognizing the desire to keep implementation costs down, and address urgency to go-live

Elire Service Offerings

Mobilization - Readiness Assessment to determine Current State Capabilities for a successful Implementation

Implementation - of Oracle Cloud HCM Solution on-time and on-budget with Elire's proven Success Delivered Cloud Methodology

Optimization - Enhanced security to ensure data is safe, leveraging custom roles to accommodate client needs
